Introduces

Full-Service **Document Destruction Services!**

PROFESSIONAL
CONVENIENT
SECURE
GREEN

Our services include secure document shredding and office material destruction, at your location or ours. We offer scheduled weekly and monthly pickups from your office. Use our secure console units to deposit your sensitive documents; we will empty them on a scheduled basis and truck them to our secure shredding facility.

On-Site Destruction

Our mobile shredding units destroy materials at your location and provide a certificate of destruction.

Scheduled Service

Customized to manage the destruction of regularly generated confidential information. We will provide lockable collectable containers to store your sensitive material. Our bonded and uniformed personnel will come to your facility on a regular schedule to collect the material for shredding depending on your company's needs.

Off-Site Destruction

Your material is securely transported to our facility where it is shredded. One-time shredding or a scheduled service available. A certificate of destruction is then provided for your records.

Purge One-time Service

One-time service designed to help your company destroy a large quantity of material.

Document Storage

Safeguard your documents with our customized document storage solutions.

Recycling

Eco-friendly document recycling services.
